LeetCode

Career Objective

As a passionate and dedicated Web Developer, my goal is to create innovative and user-friendly websites and applications that deliver exceptional user experiences. With expertise in front-end and back-end technologies, I aim to contribute to dynamic teams and stay updated with industry trends to ensure the highest standards of web development. I strive to leverage my skills in HTML, CSS, JavaScript, and modern web frameworks to build scalable, responsive, and accessible websites that meet the needs of both clients and end-users.

Technical Skills

Programming Languages: Python, Java, C, HTML/CSS, JavaScript,

Databases: SQL

Core Concepts: Data Structures, Artificial Intelligence, Computer Architecture, Database Management, Machine Learning

Projects

Dynamic Restaurant Ordering and Payment System | *HTML, CSS, JavaScript*

- Developed an interactive menu with categories like Breakfast, Lunch, and Dinner, allowing customers to select items and quantities.
- Implemented dynamic cost calculations, including GST, based on user selections.
- Created a digital payment receipt system that displays itemized costs and payment details.
- Focused on creating a seamless, user-friendly interface for improved customer experience.

Student Outing Management System | *Node.js, Express.js, JavaScript*

- Developed a platform to manage student outing details such as name and registration number.
- Implemented features for watchmen to log student exits and send 9:00 PM reminders.
- Enabled students to access their own information and faculty contact details.
- Facilitated communication with previous students for better monitoring and to know much information regarding Placements and Internships.

Education

Indian Institute of Information Technology (IIIT), Dharwad

Expected May 2026

B.Tech in Computer Science and Engineering

CGPA: 8.09

Narayana Junior College

May 2022

Higher Secondary Standard

Percentage: 98.5%

Dr. K.K.R Gowtham Concept School

May 2020

10th Standard

GPA: 10.0
